

Did you know?

Each day 10,000 humans are born in the U.S. – and each day 70,000 puppies and kittens are born. As long as these birth rates exist, there will never be enough homes for all the animals. As a result, millions of healthy, loving cats, dogs, kittens and puppies face early deaths as a form of animal control. Others are left to fend for themselves against automobiles, the elements, animals and cruel humans. What can you do to stop the suffering? *Spay and neuter your pets!* Work with SpayUSA and together we can make a difference.

An unspayed female dog, her mate and all of their puppies and their puppies' puppies, if none are ever neutered or spayed, add up to:

*1 year: 16
2 years: 128
3 years: 512
4 years: 2,048
5 years: 12,288
6 years: 67,000*
